COMMODORE SERVICE WARRANTY CLAIM FORM INSTRUCTIONS

All Commodore authorized service centers are required to use the Microcomputer Industry Associations — **ABCD** — standard warranty claim form (samples enclosed), when submitting claims for warranty parts and labor reimbursement. The **ABCD** form replaces the NARDA form, effective immediately. (Note: You may use up your existing stock of NARDA forms.)

Authorized service centers can order additional forms by calling: 1-800-433-5557, and asking for the **ABCD** forms order desk, or by faxing your order (on an **ABCD** order form) to: 1-817-387-9367 (Moore Business Forms, Dallas, Texas)

Commodore will not stock **ABCD** forms. Authorized service centers are responsible for maintaining adequate supplies.

RETURNING WARRANTY PARTS

All Warranty parts are to be returned with the **ABCD** Parts Exchange/Warranty Reimbursement form to:

Commodore Business Machines
c/o ADW, Inc.
339 Heinz Street
Mechanicsburg, PA 17055
ATTN: PARTS DEPOT

The following forms are required in the box with the parts:

1. Copy #1 & #2 of the **ABCD** Claim form — which **must** be attached to Copy #1 & #2 of **Batch Control Form.** (Batch control forms are available from Commodore, please order PN-314076-01. Use of Batch Control forms is optional; however, it is recommended using them when submitting 5 or more claims.)
2. Copy #3 of the **ABCD** Claim form — which **must** be attached to the Warranty Part being returned.
3. Copy #4 of the **ABCD** Claim form is for your records.

The parts (including chips replaced under warranty) should be returned on a regular routine basis with labor claims; preferably weekly or as volume dictates.

P.C. Boards must be packed in anti static bags and in proper boxes (as shipped by Commodore), not returned individually unless your volume does not allow for this type of return.

Warranty part returns should be consolidated and returned the most economical way; UPS or Common Carrier where size and weight dictate economics.

U.P.S. returns are prepaid and the charges are listed on the Batch Control form in the space marked (Item 11).

An example: If return is less than 100 pounds, ship U.P.S. or mail.
